To Whom It May Concern,

HOUSE SITTING REFERENCE FOR TINE SONAMI

It was lovely to have Tine as our house sitter for three weeks while our family was abroad. We required her to care for our cat, collect mail, and keep the garden and house plants watered over the hot summer weeks.

She was very pleasant and reliable, lived quietly and was very respectful of our home, and kept us informed of how things were going while we were away. She asked questions if she was unsure about anything, and formed a lovely attachment with our cat, who got lots of cuddles and attention in our absence.

I can recommend her as a trustworthy house sitter.
